Practice:

1 *What's your background?*

I'm 46, and I'm single – my wife died five years ago. My two sons are at university but I see them most weekends. I'm a police officer in northern Australia. I've been in the police force for twenty years. I love my job, but my passion is golf.

2 What hours do you work?

I work different shifts. The afternoon shift, from 2 p.m. until midnight, is my favourite. I can't stand the morning shift because I have to get up at 4.30 a.m. What's good is that I work ten hours a day for four days, then have three days off.

3 What do you think of your job?

My job is extremely busy and very hard. But I like it because it's challenging, and I never know what's going to happen. I like working in a team. We look after each other and work together.

4 Why do you like golf?

My work is very stressful, so I play golf to get away from it all. It's just me and the golf course, and I concentrate so hard on what I'm doing that I don't think about anything else.

5 How often do you play golf?

I play whenever I'm not working. Sometimes I'm on the course at 7.00 in the morning. And I take part in competitions all over the world. Next month I'm going to Dubai, and in the summer I'm going to Spain.

6 Do you have a business ?

I've got a golf school. I teach all ages, from children to pensioners. The business is doing well. I'm also opening a shop that sells golf equipment. The equipment is made in the USA and it's the best!

7 What's you favorite day of the week?

I like Saturdays best. I teach golf all day, then around 6.00 I set up the barbecue with my sons. Fantastic! I've been all round the world, but when I look around me, I think there's nowhere else I'd rather be.
